

13 September 1960

**MEMORANDUM FOR:** Chairman, NIS Committee**SUBJECT:** Chapter I Production Forecast for FY 1962,  
1963, 1964**REFERENCE:** Your memorandum dated 16 August 1960, subject  
as above

1. The subject Chapter I production forecasts have been reviewed in relation to the proposed Chapter IX schedules and forecasts for FY's 1962-64 now in the hands of the NIS Committee.

2. With three exceptions, the Chapter I forecasts outlined do not conflict with Chapter IX planning. In the cases of NIS 28<sup>M</sup>, NIS 35<sup>M</sup>, and NIS 36<sup>M</sup>, the forecasts would require the preparation of the Section 19 some months before the contributions to a scheduled Chapter IX for the same area are due. So that the research for the Sections 19 and the Chapters IX can be done simultaneously, we suggest the following readjustment in the Chapter I forecasts as listed.

- a. Interchange NIS 28<sup>M</sup> and NIS 19<sup>M</sup> on the FY 1963 forecast.
- b. Interchange NIS 35<sup>M</sup> on the FY 1963 forecast and NIS 30<sup>M</sup> on the FY 1964 forecast.
- c. Interchange NIS 36<sup>M</sup> and NIS 54 on the FY 1964 forecast.
